MEMORANDUM FOR [REDACTED]

25X1A

SUBJECT: Flat-cars Sent to Rummelsberg

Reference: [REDACTED]

25X1X

1. "R" flat-cars have high spaced brackets at several feet intervals. "X" flat-cars have low continuous wall sidings not more than 40 cm. high.

2. These cars are probably used for vehicle goods transport within the zone or regular military shipments from the U.S.S.R. They do not appear to be suitable for the transport of tanks.

3. The number of such cars is not definitely known but is estimated at 100 to 200.
